

Geauga County 2019 Prescription Drug Benefits

Plan Benefits

This program utilizes a three-tier copay design for generic drugs, preferred brand drugs and non-preferred brand drugs. The generic and preferred brand drugs are on a formulary or preferred drug list. Your doctor should consult the Express Scripts Performance Drug List (formulary) before prescribing drugs to you or your dependents if you want your costs to be as low as possible. A copy of the Formulary List was included with your member materials or is available online at www.express-scripts.com. You pay the **lowest copay** when a generic drug is dispensed for your prescription. A generic drug is labeled with the medication's chemical name and generally has a brand-name equivalent. The U.S. Food and Drug Administration (FDA) requires generic drugs to have the same active chemical composition, same potency, and be offered in the same form as their brand-name equivalents. Preferred brand-name drugs generally have no generic equivalent and are provided at slightly higher copays than generic drugs. Non-preferred brand-name drugs and some additional brand medications are covered at the highest tier copay.

This program also includes a generic incentive feature that means you pay more for your prescription if a generic alternative is available and you still choose to have the brand-name drug dispensed. You will pay the applicable copay plus the difference in cost between the generic and brand-name drug. This program requires you utilize mail order after the third re-fill at retail for maintenance medications.

Mail Order Program

The mail service program provides a convenient and cost-effective way for you to order up to a 90-day supply of maintenance or long-term medications. The prescriptions are mailed directly to your home. **You will need to obtain a new prescription to use the mail service program. Ask your doctor for a prescription for up to a 90-day supply with three (3) refills.** Complete the mail service order form. Enclose the form, your prescription and co-pay (check, money order or credit card) in the self-addressed envelope.

You can re-order your mail prescription over the Internet at www.express-scripts.com or by telephone at **866-832-9250**. You can also mail your refill request, but online and telephone orders generally will arrive sooner. New prescriptions typically arrive within 10-14 days from the day you mail your order. Refills ordered online or by phone will usually arrive within 10 days. Mail order forms are available from your employer...

Specialty Medications

Certain injectable medications must be obtained through the **Accredo** program. This program offers a convenient and cost-effective way to order infused, injectable, and oral drugs that typically require added supervision of patient therapy. It is important for your physician to refer you to the **Accredo program** by calling **800-501-7210** and requesting a patient referral form that needs to be sent or faxed back to Express Scripts/Accredo. This toll-free number also puts you in touch with the customer service line if you have additional questions or need more information. This program provides medications for many chronic conditions such as multiple sclerosis, rheumatoid arthritis, hemophilia, Gaucher disease, cystic fibrosis, hepatitis C, respiratory syncytial virus, growth hormone deficiency, anemia, Crohn's disease, neutropenia, pulmonary hypertension and others. Accredo offers personalized care, 24-hour support, prompt, safe delivery, refill reminders and drug safety monitoring.

INTRODUCING SMART90!

As part of your plan managed by Express Scripts through CEBCO, you can get a three-month supply of long-term medicines through home delivery from the Express Scripts PharmacySM or from any retail CVSTM.

Getting a single three-month supply saves you money over three one-month supplies. Plus, you'll make fewer trips to the pharmacy and you'll be less likely to miss a dose since you won't have to refill as often. Below are some frequently asked questions about filling your long-term medications.

Q. What is a long-term medicine?

A. A long-term medicine is one you take regularly to treat conditions such as high blood pressure, diabetes, or high cholesterol.

Q. What happens if I keep filling my long-term medicine like I'm doing now?

A. Per your plan, if you are filling a one-month supply at CVS or any retail pharmacy instead of a three-month supply, you could miss out on savings.

Q. Why is a three-month supply better with long-term medicine?

A. With a three-month supply, **you're less likely to miss a dose, which can keep you healthier. Also, you don't have to refill as often, which can save you time and money.**

Q. How do I get a three-month supply of my medicine?

A. You can have the Express Scripts Pharmacy deliver it (with FREE standard shipping) by visiting express-scripts.com/3month, or you can get it from most CVS retail locations.

Q. How can I find a retail pharmacy that fills a three-month supply?

A. Log in or register at express-scripts.com/3month, select "Prescriptions," and click "Find a Pharmacy" to find your closest pharmacy that fills three-month supplies.

Q. How do I get my medicine delivered from the Express Scripts Pharmacy?

A. Go to express-scripts.com/3month, choose the medicine you want delivered, add it to your cart, then check out. You may also call Express Scripts at **1-866-832-9250** and they will assist you.

They will work with your doctor to get you set up, and there's no additional cost to you. Your medicine will be delivered in a confidential, tamper-evident, weather-resistant package.

Q. How soon will my medicine be delivered after it's ordered?

A. Orders are usually processed within 48 hours from when they are received.. Your medicine should be delivered in about 8 days (10 to 14 days if it's a new prescription). Please have a one-month supply of your medicine on hand when you place your order. You can check your order status by going online anytime.
